

College of Engineering Excellence in Advising Award

Laura Andersen

The MSU College of engineering received numerous nominations for the College of Engineering Excellence in Advising Award, which recognizes excellence in advising as demonstrated through significant contributions to academic advising. The award consists of a \$500.00 honorarium and trophy and was announced at the College of Engineering's Annual Awards Ceremony May 3rd, 2017.

The Award is open to any individual engaged in advising: either tenure-track or non-tenure track faculty or a classified or professional staff member whose primary responsibility is to advise students. The nominations were grounded on an extraordinary record of advising excellence. This award closely follows the National Academic advising Association's core values and the criteria for their national outstanding advising award, as well as MSU's Center for Faculty Excellence Academic Advising Award.

Laura Andersen is an advisor for the Mechanical & Industrial Engineering Department and this years worthy recipient of the College of Engineering's Excellence in Advising Award!

Congratulations Laura!
