Prior Approvals:

Reviewing is for conformance with the design concept of the project and compliance with the information given in the contract documents. Contractor is responsible for dimensions and quantities to be confirmed and correlated to the job site; for information that pertains solely to the fabrication processes or to techniques of construction; and for coordination of work of all trades. Any substitutions shall meet the specification for the product specified. Any costs associated with modifications necessary due to a product substitution shall be the responsibility of the contractor.

Approval of a particular product does not constitute an approval of all other related products or materials within a particular system or assembly, which may also need to be submitted for separately for approval, per project specifications; where some products or materials must be sourced from the same manufacturer as adjacent or related products in the completed system or assembly, for material compatibility and/or warranty.
